

Cartons in Minutes™

The cartons you want, when you want them.

Reduce Lead Times

- "On Demand" production capabilities

Gain Unique Packaging Opportunities

- Achieve intricate patterns unobtainable with mechanical dies
- Enhanced consumer convenience features
- Precise print-to-cut registration ($\pm 125 \mu\text{m}$)

Eliminate Run Quantity Hurdles

- Short run and high volume production are all cost-efficient

Get Out of the Inventory Business

- Eliminate WIP (work in progress) and finished goods inventory

Eliminate Make Readies

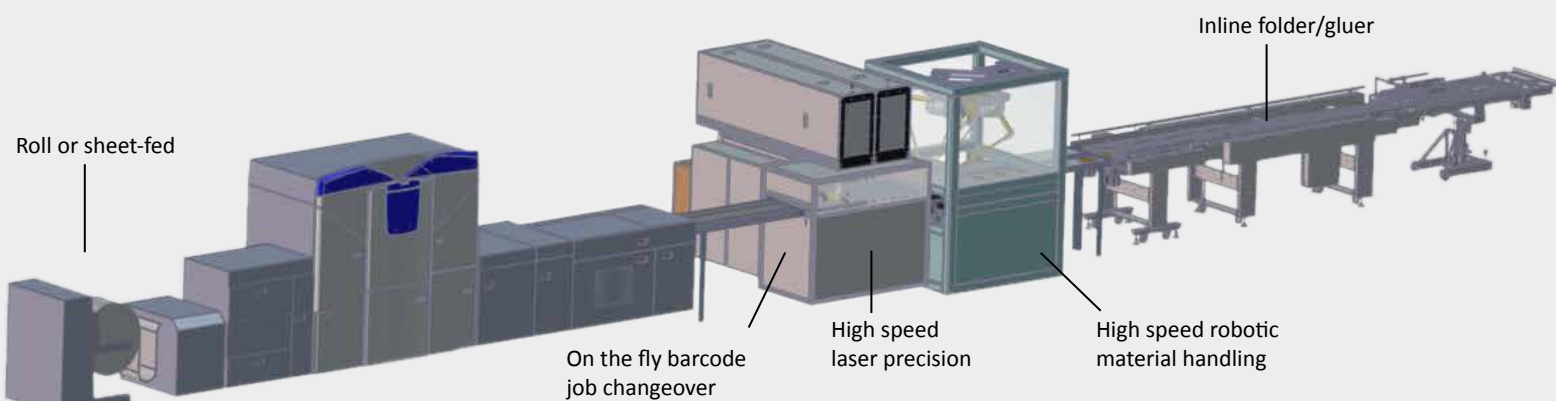

- Fully digital workflow

TRUE DIGITAL MANUFACTURING FLEXIBILITY HELPS YOU MEET CUSTOMER DEMANDS.

LasX digital workflow changes the carton manufacturing paradigm. Finished cartons are only minutes from customer approval to shipping, eliminating the cost of excessive raw materials, finished goods inventory, dies, and time delays.

SINGLE MANUFACTURING PROCESS

Roll or sheet-to-part
